PROFESSIONAL SUMMARY

Data Scientist with hands-on experience in data analysis, machine learning, statistical modeling, predictive analytics, business intelligence, and Python application development. Skilled in Python, SQL, Pandas, NumPy, Scikit-learn, Power BI, Tableau, Django, React.js, FastAPI, Docker, and AWS.

TECHNICAL SKILLS

Programming: Python, C++, SQL, JavaScript, HTML, CSS, PHP

Web & Backend: Django, Node.js, React.js, FastAPI, REST APIs

Machine Learning: Supervised Learning, Unsupervised Learning, Classification, Regression, Clustering, Feature Engineering, Model Evaluation, Cross Validation, Hyperparameter Tuning

ML Algorithms: Logistic Regression, Random Forest, XGBoost, SVM, Decision Trees

Deep Learning & NLP: TensorFlow, Keras, PyTorch, NLTK, SpaCy

Data & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Power BI, Tableau, Excel

Tools & Cloud: Git, GitHub, Jupyter, VS Code, Docker, AWS, Streamlit

PROFESSIONAL EXPERIENCE

Junior Python Full Stack Developer | Druv360°

Ernakulam, Kerala | 05/2026 – Present

- Develop scalable Python applications and reusable software components.
- Collaborate on frontend interfaces and UI/UX implementation.
- Work with databases and REST APIs for application integration.
- Debug application issues and participate in code reviews.

Data Analyst / Data Science Associate | Techolas Technologies Pvt Ltd

Calicut, Kerala | 2024 – 2025

- Performed exploratory data analysis, data cleaning, and feature engineering.
- Built machine learning models using Logistic Regression, Random Forest, and XGBoost.
- Achieved 91% model accuracy and evaluated models using accuracy, precision, recall, and F1-score.
- Optimized models through hyperparameter tuning and deployed applications using Streamlit.
- Created business intelligence dashboards using Power BI.

Web Designer & Developer Intern | Zonemac Solutions

Calicut, Kerala | 2024

- Developed web interfaces using HTML, CSS, JavaScript, and PHP.
- Worked with XAMPP and MySQL for web application development.
- Contributed to UI/UX improvements and website performance.

Junior Accountant | Team Thai Aghin Road Ways

Maharashtra | 2023 – 2024

- Worked in accounting operations and financial data management.

PROJECTS

Two-Wheeler Brand Prediction System

Technologies: Python, Pandas, Scikit-learn, Streamlit

- Built a machine learning system for two-wheeler brand prediction using preprocessing, encoding, and feature engineering. Applied Random Forest and Logistic Regression and achieved 91% accuracy.

Speaking Dictionary with Translation & TTS

Technologies: Python, NLTK, WordNet, GoogleTrans, gTTS, Streamlit

- Developed a speaking dictionary with translation and text-to-speech capabilities using NLP and text-processing techniques.

Sales & Profit Dashboard – Sofidel Group

Technologies: Microsoft Excel, Pivot Tables, KPI Analysis, Data Visualization

- Created an interactive sales and profit dashboard using Excel pivot tables, KPI analysis, and data visualization.

React + Vite Portfolio

Technologies: React.js, Vite, JavaScript, Tailwind CSS

- Developed a responsive single-page portfolio using component-based architecture and modern frontend technologies.

EDUCATION

Data Science & Machine Learning — Techolas Technologies Pvt Ltd | 2024 – 2025
